## **DETAILED ACTION**

1. Claims 1-38 are allowed.

- 2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
- 3. Authorization for this examiner's amendment was given in a telephone interview with Mr. Tierno on September 16, 2004.

In claim 34, line 4, delete ", for example an RFID interrogator,".

4. The following is an examiner's statement of reasons for allowance: none of the cited art discloses an antenna range extender comprising: a passive series tuned resonate circuit including: a coil formed of at least one turn of an electrical conductor, the coil having a first end and a second end; and a capacitor arranged with a first terminal and a second terminal, with the first end of the coil electrically connected to the first terminal and the second end of the coil electrically connected to the second terminal, thereby forming a tuned resonate circuit; the antenna range extender located proximate to one of the RF antenna and the electronic device, and not directly connected to either, but closely positioned and oriented such that a magnetic coupling is effected when an RF signal is transmitted by the RF antenna, and subsequently received by the electronic device via the antenna range extender and the magnetic coupling; wherein the antenna range extender is employed for increasing an operating

range over which an exchanging of information between the RF antenna and the electronic device can occur.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to HoangAnh T Le whose telephone number is (571) 272-1823. The examiner can normally be reached on 8:00am-4:30pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Don Wong can be reached on (571) 272-1834. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

6. Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
